Explorers Restaurant and Bar

Burke & Wills Motor Inn Moree

Across the centuries, Europeans have known and used the therapeutic powers of mineral spas. To those suffering a variety of ailments, these magical waters are often considered miraculous.

Many Australians are unaware that we have natural mineral spas, the equal of any in Europe, right here at home. Moree is blessed with these health giving waters straight from the Great Artesian Basin.

For decades now hundreds of thousands of body-tired Aussies have made Moree their Mecca. These therapeutic waters refresh and revitalize exhausted limbs and muscles. With the body rested and toned, relaxation of the mind soon follows.

Stop awhile with us (at the Burke & Wills Motor Inn) and do your body and mind a favour.

In between your luxurious soaks, why not explore Moree's other attractions.

We boast the finest golf course in North-Western NSW. With your body revitalized by an early morning dip, you will be well equipped to shave a stroke or two off your handicap. After your game, enjoy a luscious lunch at one of Moree's fine eateries.

During the afternoon you will probably be tempted by our famous spas again. Perhaps you will find time to inspect the Pecan Farm or the historic Gallery. Maybe take a day trip to Lightning Ridge.

[Trawalla Pecan Nut Farm](#) - located just 35km east of Moree is the largest and most productive pecan farm in the Southern Hemisphere.

[Moree Plains Gallery](#) - located in the town centre is a most historical building housing major exhibitions dedicated to the Kamillaroi People.

[Cotton Farm and Gin](#) - Information and guided tours for this and the above attractions can be arranged through Reception.

[Lightning Ridge](#) - a day trip will take you to the home of the magnificent Black Opal. Mine tours are available. Other attractions include Cactus Garden, Aboriginal Art Displays and Bore Baths or else try your luck and do some "noodling".

There is so much to see and do in Moree's Pride of the Plains, that you will probably need a few days.

The Burke & Wills Motor Inn can cater to your every accommodation need.

Our motel is situated on six acres opposite the Moree Racecourse on the outskirts of town. The 20 metre lap pool is set amidst tropical plants and surrounded by a lush garden featuring a barbecue area and beautiful pergola.

The emphasis is definitely on relaxation.

Coaches are welcome to take advantage of all our facilities with no concerns about parking and sufficient space.

While you are staying with us enjoy the culinary pleasures and modern cuisine of the Explorers Restaurant for breakfast and dinner. We have seating for up to 100 people in a most congenial atmosphere and we cater for Special Functions, Meetings and Conferences. This is undoubtedly the best restaurant in Moree.

Don't travel through, stop with us and enjoy all that Moree and the Burke & Wills Motor Inn have to offer you.
